LEADERSHIP PASCO CLASS OF 2022 BRINGS YOU CLAYS FOR COMMUNITY

CLAY SHOOT FUNDRAISER BENEFITING

THE GIRL SCOUTS OF WEST CENTRAL FLORIDA

Join us for the Leadership Pasco Clay Shoot benefiting the Girl Scouts Camp Indian Echo Kitchen Remodel Project! Registration is open! This is a family friendly event, children ages 13 & up with accompanying adult. Festivities will include lunch and special performances from Color Guard, presentation of the Flag by Civil Air Patrol and North Tampa-Lutz Cadet Squadron. There will also be a thrilling Pasco County Sheriff's Office Asset visit, something you won't want to miss!

Funding will Benefit Girl Scouts of West Central Florida

Girl Scouts of West Central Florida (GSWCF) has been selected to receive support for the renovation of the kitchen in their Log Cabin Lodge at Girl Scout Camp Indian Echo, located in Hudson. Much of the infrastructure of this kitchen is original to the building, and the countertops and cabinets are beyond their life expectancy and in need of replacement.

Thousands of Girl Scouts visit Camp Indian Echo every year, and volunteers and staff utilize this Log Cabin Lodge kitchen to prepare meals for girls visiting the property. Demolishing and replacing the kitchen cabinets and countertops, and replacing the flooring, lighting, and entryway door would completely revitalize this space. These renovations would last for over ten years, impacting tens of thousands of Girl Scouts.

GSWCF reaches approximately 1,300 girls residing in Pasco County each year through Girl Scout Leadership Experiences and looks forward to engaging the community in this project and connecting our girls and volunteers with the business leaders who will support this project.

Join the Fun!

Event will take place at 8 AM on Friday April 15th, 2022, at Tampa Bay Sporting Clays, located at 10514 Ehren Cutoff Land O' Lakes, FL 34639. Event will run from 8 AM until 1 PM.

Sporting clay shooting is a form of clay pigeon shooting. Described as "golf with a shotgun," the sport differs from trap and skeet shooting in that it involves shooting clay targets at multiple locations (called stations) and unlike trap and skeet, sporting clay targets are thrown from clay throwing machines in a variety of trajectories, angles, speeds, elevations, and distances.
